## SUMMARY

Highly motivated and results-driven Web Developer with a strong foundation in **full-stack development**, specializing in **JavaScript, TypeScript, React.js, and Node.js**. Proven track record of building responsive and scalable web applications with expertise in integrating **RESTful APIs**, optimizing performance, and collaborating in cross-functional teams. Adept at working with both **relational and non-relational databases (SQL, MongoDB, Neon)** and implementing modern UI frameworks like **Tailwind CSS and Bootstrap**. Seeking to leverage my skills in software engineering to contribute to innovative projects and drive business growth.

## EDUCATION

<b>Dr. A.P.J Abdul Kalam Technical University</b> <i>Bachelor of Technology in Computer Science and Engineerin</i>	UP, India Aug. 2019 – April 2023
<b>The DPSG I</b> <i>Class XII</i>	UP, India 1 May 2018 – May 2019

## TECHNICAL SKILLS

**Languages**    TypeScript, JavaScript, HTML, CSS, SQL  
**Front-End Technologies**    React.js, Next.js, Tailwind CSS, Bootstrap, shadcn/ui  
**Back-End Technologies**    Node.js, Express.js  
**Databases**    MongoDB, Neon, Prisma, Mongoose, SQL  
**Tools & Platforms**    Git, Redux, Upstash, Auth0, Stripe, Vercel, Recharts  
**Architectures**    MVC, Enterprise-Level Architecture  
**APIs**    RESTful API integration, Third-party payment gateways

## EXPERIENCE

<b>Software Development Engineer(SDE-1)</b> <i>OSN InfoTech(INDIA) Pvt. Ltd</i> <b>Project : Software BOM</b>	May 2023 – Present Noida, UP
<ul style="list-style-type: none"><li>Developed a responsive <b>Software Bill of Materials (SBOM)</b> management system using <b>ReactJS</b> and <b>RESTful APIs</b> for efficient data retrieval.</li><li>Implemented advanced features like <b>search, filtering, and pagination</b>, improving data accessibility and overall user experience.</li><li>Implemented user-friendly features such as <b>search, filter, and pagination</b> to enhance data accessibility and usability.</li><li>Collaborated closely with back-end teams to define <b>API specifications</b> for <b>seamless front-end and back-end integration</b>.</li><li>Utilized best practices such as <b>lazy loading, code splitting and modular approach</b> to enhance performance.</li><li>Conducted thorough testing, debugging, and <b>version control using Git</b>, maintaining high-quality code and system reliability.</li><li>Continuously updated libraries to the latest versions, ensuring security and compatibility.</li></ul>	
<b>Software Engineer Intern</b> <i>OSN InfoTech(INDIA) Pvt. Ltd</i>	December 2022 – Feb 2023 Noida, UP
<ul style="list-style-type: none"><li>Developed and maintained responsive web pages using <b>HTML, CSS, and JavaScript</b>.</li><li>Integrated <b>RESTful APIs</b> to dynamically fetch and display data, enhancing the user experience</li><li>Built dynamic UI components and interactive features using <b>ReactJS and Bootstrap</b>, improving website aesthetics and usability.</li></ul>	

## PROJECTS

<b>ShoeStore</b>   <i>Next JS, TypeScript, Tailwind CSS/ shadcn-UI, NodeJs, Express, Neon ORM, Prisma DB, Upstash, Stripe</i>
<ul style="list-style-type: none"><li>Built a feature-rich e-commerce website with <b>NextJS and Tailwind CSS</b> for responsive, server-rendered pages.</li><li>Secured user authentication using <b>Kinde</b> and implemented robust <b>Stripe integration</b> for payments.</li><li>Utilized <b>Prisma ORM</b> with <b>Relational Database(Neon DB)</b> for efficient data handling and management, and <b>Recharts</b> for admin dashboard data visualization.</li><li>Employed <b>Upstash from Resin</b> to enhance cart functionality and deployed the project on <b>Vercel</b> for scalability.</li></ul>

**MERNEats** | *ReactJS, TypeScript, NodeJS, Express, MongoDB, Mongoose, Tailwind CSS, shadcn/ui*

- Developed a dynamic food-ordering platform using **React.js**, **TypeScript** and **Node.js**, implementing real-time order updates.
- Leveraged **Mongoose** and **MongoDB** for backend data management and **Auth0** for secure **user authentication**.
- Designed an intuitive UI with **Tailwind CSS** and provided seamless real-time data updates between users and restaurants
